RE: Registration for Research Facilities, Customer Number 1499, Certificate Number 74-R-0012
Triennial Renewal Date: April 20, 2020

Dear Dr. Gibbens,

In compliance with the Animal Welfare Act and Animal Welfare Regulations, enclosed is Texas A&M University's renewal Application for Registration for Research Facilities. Also attached is a list of the research site facilities covered by this registration.

The following modification was made to the form:

- Block 1 has been updated to change the name of the office to the Animal Welfare Office in place of the Office of Research Compliance

As the Institutional Official, I can legally obligate Texas A&M University Health Science Center to the United States Department of Agriculture for the purposes of the Animal Welfare Act compliance.

If you have any questions, or need additional information, please let me know.

Sincerely,
