Re: USDA Registrations 21-R-0049 – Winthrop Hospital  
21-R-0092 – NYU School of Medicine

To Whom It May Concern:

On August 1, 2019, NYU Langone Health, which includes the NYU School of Medicine, merged with Winthrop Hospital, now known as NYU Winthrop Hospital.

Effective September 1, 2019, the NYU School of Medicine's IACUC will oversee the NYU Winthrop Hospital's animal care and use program (ACUP) and the Winthrop Hospital IACUC will be disbanded.

Dr. (b) (6), (b) (7)(C) the Institutional Official (IO) for the NYU School of Medicine's ACUP, has also been appointed IO for the NYU Winthrop ACUP, replacing Mr. (b) (6), (b) (7)(C). The appointment letter is maintained in this office. As the IO, Dr. (b) (6), (b) (7)(C) will be responsible for the care and use of vertebrate animals in research, as specified in NYU Winthrop Hospital's USDA registration (21-R-0049).

At this time, the USDA Registrations for both the NYU School of Medicine and NYU Winthrop will remain separate.

If there are any questions or concerns pertaining to this notification, please do not hesitate to contact me.

Sincerely,

(b) (6), (b) (7)(C)

Director of the IACUC and IBC
