* Names of members, other than the chairperson and veterinarian, may be represented by a number or symbol in this report to OLAW. Sufficient information to determine that all appointees are appropriately qualified must be provided and the identity of each member must be readily ascertainable by the institution and available to authorized OLAW or other PHS representatives upon request.

** List specific position titles for all members, including nonaffiliated (e.g., banker, teacher, volunteer fireman; not "community member" or "retired").

*** PHS Policy Membership Requirements:

<i>Veterinarian</i>	veterinarian with training or experience in laboratory animal science and medicine or in the use of the species at the institution, who has direct or delegated program authority and responsibility for activities involving animals at the institution.
<i>Scientist</i>	practicing scientist experienced in research involving animals.
<i>Nonscientist</i>	member whose primary concerns are in a nonscientific area (for example, ethicist, lawyer, member of the clergy).
<i>Nonaffiliated</i>	individual who is not affiliated with the institution in any way other than as a member of the IACUC, and is not a member of the immediate family of a person who is affiliated with the institution. This member is expected to represent general community interests in the proper care and use of animals and should not be a laboratory animal user. A consulting veterinarian may not be considered nonaffiliated.

[Note: all members must be appointed by the CEO (or individual with specific written delegation to appoint members) and must be voting members. Non-voting members and alternate members must be so identified.]

Program Changes

In 2019, the Division of Agriculture constituted a separate IACUC for the oversight of protocols involving agricultural animals; the University of Arkansas IACUC will continue to review biomedical and field studies involving non-agricultural vertebrate animals. The Division of Agriculture IACUC will also be responsible for Division of Agriculture semiannual program reviews and facility inspections.

The University of Arkansas has requested that its registration with USDA/APHIS be canceled as no research or teaching activities involving USDA-covered species are being conducted at the university. In the event that university researchers wish to conduct studies involving USDA-covered species, registration with USDA will be reactivated.
