River Falls, WI 54022

Customer ID: 614

Certificate: 35-R-0010

Site: 001

UNIVERSITY OF WISCONSIN-RIVER FALLS

Type: ROUTINE INSPECTION

Date: Jun-18-2015

2.31 (c) (1) REPEAT

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

The facility failed to conduct a review of the humane care and use program when the corresponding inspection of the animal facilities was conducted on 3 September 2014. The facility also could not demonstrate that the review of the humane care and use program was completed in March 2015 in accordance with the once every six month requirement. This failure does not allow oversight of animal use and the humane care and use program by the IACUC. Without this oversight lapses may occur that could affect adequate husbandry of the animals and their health and wellbeing. Conduct reviews of the humane care and use program at least once every 6 months and include the results of these reviews in the reports sent to the Institutional Official.

2.31 (c) (3)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

The facility could not demonstrate that a report reflecting the review of the humane care and use program and inspection of the animal facilities, to have been completed around March 2015, was submitted to the Institutional Official. In addition, the report to the Institutional Official submitted on 3 September 2014 included only information regarding the animal facilities' inspection. Failure to submit reports to the Institutional Official does not allow for a method to keep the Institutional Official informed on the nature and extent of the research facility's adherence to the regulations and standards. Have the IACUC prepare and submit reports following the required once every month review of the humane care and use program and inspection of the animal facilities as required. Correct immediately.

Inspection and exit briefing conducted with the Director, Office of Grants and Research and the Institutional Official.

End of report.
