*This information is mandatory.

**Names of members, other than the chairperson and veterinarian, may be represented by a number or symbol in this submission to OLAW. Sufficient information to determine that all appointees are appropriately qualified must be provided and the identity of each member must be readily ascertainable by the Institution and available to authorized OLAW or other PHS representatives upon request.

***PHS Policy Requirements – identify which IACUC members meet the four criteria below:

- Veterinarian (V) – a veterinarian with direct or delegated program responsibility.
- Scientist (S) – a practicing scientist experienced in research involving animals.
- Nonscientist (NS) – a member whose primary concerns are in nonscientific areas (e.g., ethicist, lawyer, member of the clergy).
- Nonaffiliated (NA) – a member who is not affiliated with the Institution in any way other than as a member of the IACUC, and who is not a member of the immediate family of a person who is affiliated. This member is expected to represent the interests of the general community in the proper care and use of animals and should not be a laboratory animal user. A consulting attending veterinarian may not be considered nonaffiliated.

****JG is not affiliated with the University of Pittsburgh, is not an immediate family member of anyone affiliated with the institution, represents the general community and is not a laboratory animal user.

*****MK's background is in Philosophy, which is not a scientific discipline.

Notes:

1. All members must be appointed by the CEO (or individual with specific written delegation to appoint members) and must be voting members. Ad hoc or nonvoting members may be listed and identified as such, but are not considered members for the purpose of the PHS Policy, and do not contribute to a quorum.
2. If Alternate members are listed, identify for whom (by name or code number, not specialty) they will serve as Alternates.

FACILITY AND SPECIES INVENTORY

DATE: January 2020

NAME OF INSTITUTION: University of Pittsburgh

ASSURANCE NUMBER: D16-00118

Laboratory, Unit, or Building*	Gross Square Feet (including service areas)	Species Housed in Unit (use complete common names)	Approx. Average Daily Inventory
