* Names of members, other than the chairperson and veterinarian, may be represented by a number or symbol in this report to OLAW. Sufficient information to determine that all appointees are

appropriately qualified must be provided and the identity of each member must be readily ascertainable by the institution and available to authorized OLAW or other PHS representatives upon request.

** List specific position titles for all members, including nonaffiliated (e.g., banker, teacher, volunteer fireman; not "community member" or "retired").

*** [PHS Policy](#) Membership Requirements:

<i>Veterinarian</i>	veterinarian with training or experience in laboratory animal science and medicine or in the use of the species at the institution, who has direct or delegated program authority and responsibility for activities involving animals at the institution.
<i>Scientist</i>	practicing scientist experienced in research involving animals.
<i>Nonscientist</i>	member whose primary concerns are in a nonscientific area (for example, ethicist, lawyer, member of the clergy).
<i>Nonaffiliated</i>	individual who is not affiliated with the institution in any way other than as a member of the IACUC, and is not a member of the immediate family of a person who is affiliated with the institution. This member is expected to represent general community interests in the proper care and use of animals and should not be a laboratory animal user. A consulting veterinarian may not be considered nonaffiliated.

[Note: all members must be appointed by the CEO (or individual with specific written delegation to appoint members) and must be voting members. Non-voting members and alternate members must be so identified.]

2019 Programmatic Changes

1. Committee Members:

- a. Scientific member, (b) (6) left the Committee in June 2019 for employment outside of the University.
- b. The Institutional Official has appointed (b) (6) as a new scientist member to the Committee.
- c. The position of Vice-Chair of the ACUC, previously held by (b) (6) has been terminated since this is not a regulatory requirement. In instances when the Chair is unavailable, the Chair will designate another member of the Committee to serve as an “Acting Chair” for the limited time during his/her absence only.

- 2. Annual Protocol Review Changes:** In an effort to reduce regulatory burden for PIs, Contact Persons and the Committee, the ACUC voted unanimously to *not require* the submission and review of certain first and second annual protocols beginning October 2019. Protocols that are funded by PHS, DoD, UVA departments or industry and describe the use of rats of the genus *Rattus*, mice of genus *Mus*, birds, frogs or fish species do not require first and second annual full Committee review. These protocols will be reviewed at their Third Annual anniversary. In order to follow the annual protocol cycle and ensure that animal handler training and occupational health assessment requirements are met, the ACUC Office will process the continued renewal for these protocols during the month of their first and second annual anniversary.

First and second annual protocols that describe the use of USDA regulated species or are funded by the Department of Veterans Affairs (VA) will continue to be reviewed by the Committee annually at a convened meeting. Modified annual protocols of this category are reviewed by the full committee review method (FCR), while annual protocols without modifications are reviewed by the designated member review method (DMR).
