I'm sending this message to update the USDA that (b) (6), (b) (7)(C) is our new IO at NAMSA (customer number: 249, Certificate number: 31-R-0068). She replaced (b) (6), (b) (7)(C) who was our previous IO. We are due to renew our registration by November and this information will also be corrected on that document.

Thank you,

(b) (6), (b) (7)(C)
