MISCELLANEOUS.

In November 2015, litter boxes were set up in a cat room for a routine urine collection. For this process the litter boxes are lighter than usual, and despite extra weight being added to prevent the boxes from being flipped over, three young cats flipped the box and were trapped and died as a result. The facility has implemented corrective action and this event has not recurred.

*****This has been addressed by the facility

An exit briefing was conducted with the facility representatives, Keri Lupo, VMO; Tonya Hadjis, VMO; John Lopinto, VMO.

Additional Inspectors

Lopinto John, Veterinary Medical Officer

Hadjis Tonya, Supervisory Animal Care Specialist
