Re: Cancellation of USDA Registration

Dear Dr. Gibbens:

I am writing to request that the University of Arkansas' registration (71-R-0001) with the Animal and Plant Health Inspection Service be cancelled. No research or teaching activities involving USDA-covered species are presently being conducted nor anticipated in the near future. In the event that such work with covered species is anticipated, the University will reapply for a certificate of registration.

Please let me know if I may provide any additional information.

Respectfully,

(b) (6), (b) (7)(C)
