11. Pigs					0
12. Other Farm Animals					0
13. Other Animals					
Shrew		1			1
Meadow Voles		2			2

ASSURANCE STATEMENTS

- 1) Professionally acceptable standards governing the care, treatment, and use of animals, including appropriate use of anesthetic, analgesic, and tranquilizing drugs, prior to, during, and following actual rese teaching, testing, surgery, or experimentation were followed by this research facility.
- 2) Each principal investigator has considered alternatives to painful procedures.
- 3) This facility is adhering to the standards and regulations under the Act, and it has required that exceptions to the standards and regulations be specified and explained by the principal investigator and ap Institutional Animal Care and Use Committee (IACUC). A summary of all such exceptions is attached to this annual report. In addition to identifying the IACUC-approved exceptions, this summary inc brief explanation of the exceptions, as well as the species and number of animals affected.
- 4) The attending veterinarian for this research facility has appropriate authority to ensure the provision of adequate veterinary care and to oversee the adequacy of other aspects of animal care and use.

This letter is being written to inform you of an amendment that should be made to the 2007-2008 USDA annual report filed by Minnesota State University Moorhead, Customer ID 794, Certificate No: 41-R-0049.

After filing the 2007-2008 report we learned that [b2 high, b7F] was added to our certificate as site #2. The address of the animal facility at site #2 is: [b2 high, b7F] Facility, Department of Biological Sciences, Minnesota State University Mankato, Mankato, MN 56001.

[b2 high, b7F] used one rabbit during the 2007-2008 reporting period and the one rabbit was not included in column C, line 6. Thus column C, line 6 should read 3 rabbits instead of 2 and column F, line 6 should read 3 instead of 2. Thank you for your attention to this matter.

[b2 high, b7F]
