Dear Sir/Madam:

This is to inform you that, effective July 1, 2019, the Los Angeles Biomedical Research Institute at Harbor UCLA Medical Center (LABioMed) officially changed its name to the **Lundquist Institute for Biomedical Innovation at Harbor-UCLA Medical Center**. As soon as we have our new email contact information, we will forward that to you. As you can see, we are also still working on the letterhead.

Please note, this name change will not affect the Institute's not for-profit status or its missions, and our affiliations with both Harbor UCLA Medical Center and the David Geffen School of Medicine at UCLA will be unchanged. Furthermore, our Federal Tax Identification Number will remain the same.

We remain dedicated to discovering the future of healthcare through research, the training of young scientists and the provision of a variety of important community health programs.

Sincere regards,

(b) (6), (b) (7)(C)

David I. Meyer, Ph.D.
President and Chief Executive Officer
