

Attachment to APHIS Form 7023
Summary of Exceptions to the Regulations and Standards for USDA Reporting Year
October 1, 2019 through September 30, 2020

Registration Number: 23-R-0016

Three (3) cats were housed in primary enclosures that met or exceeded the standards and provisions of 9 CFR, Subpart A, §3.6 (*Primary enclosures*) with the exception of a resting surface that was removed from each primary enclosure as approved by the IACUC to prevent injury to animals with hind limb deficits. The exception is documented in the IACUC approved animal protocol.
