

Annual Report to OLAW

Institution: Sutter Bay Hospitals, dba California Pacific Medical Center Research Institute (CPMCRI) Brannan Campus
Assurance Number: D16-00015
Reporting Period: January 1, 2020- September 30, 2020

This institution's Institutional Animal Care and Use Committee (IACUC), through the Institutional Official, provides this annual report to the Office of Laboratory Animal Welfare (OLAW).

I. Program Changes

- [☐] A. There have been **no changes** in this institution's program for animal care and use as described in the Assurance.
- [☒] B. Change(s) in this institution's program for animal care and use as described in the Assurance have occurred during this reporting period.

Select all that apply:

- [☐] This institution's AAALAC accreditation status has changed ([PHS Policy IV.A.2.](#)).
- [☐] [AAALAC Accredited](#) – Category 1
- [☒] Non-Accredited – Category 2
- [☒] This institution's program for animal care and use has changed ([PHS Policy IV.A.1.a-i.](#)).
- [☐] The individual designated by this institution as the Institutional Official has changed.
- [☒] The membership of this institution's IACUC has changed.

II. Semiannual Evaluations

This IACUC has conducted semiannual evaluations of the institution's program and inspections of the institution's facilities (including satellite facilities) on the dates below. Reports of the evaluations and inspections have been submitted to the Institutional Official. The reports include any IACUC-approved departures from the *Guide* with a reason for each departure, any deficiencies (significant or minor) that were identified, and a plan and schedule for correction of each deficiency.

A. Program Evaluations

Date 1: April 30, 2020	Date 2: N/A
------------------------	-------------

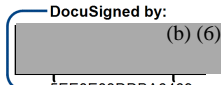

B. Facility Inspections

Date 1: April 30, 2020	Date 2: N/A
------------------------	-------------

III. Minority Views

- [☒] A. There were **no minority** views during this reporting cycle.
- [☐] B. Any minority views submitted by members of the IACUC regarding reports filed under [PHS Policy IV.F.](#) for this reporting cycle are attached.

IV. Signatures

IACUC Chairperson	Institutional Official

			Scientist
			Alternate Veterinarian
			Scientist
			Non-Scientist, Non-Affiliated
			Non-Scientist, Affiliated

* Names of members, other than the chairperson and veterinarian, may be represented by a number or symbol in this report to OLAW. Sufficient information to determine that all appointees are appropriately qualified must be provided and the identity of each member must be readily ascertainable by the institution and available to authorized OLAW or other PHS representatives upon request.

** List specific position titles for all members, including nonaffiliated (e.g., banker, teacher, volunteer fireman; not "community member" or "retired").

*** [PHS Policy](#) Membership Requirements:

<i>Veterinarian</i>	veterinarian with training or experience in laboratory animal science and medicine or in the use of the species at the institution, who has direct or delegated program authority and responsibility for activities involving animals at the institution.
<i>Scientist</i>	practicing scientist experienced in research involving animals.
<i>Nonscientist</i>	member whose primary concerns are in a nonscientific area (e.g., ethicist, lawyer, member of the clergy).
<i>Nonaffiliated</i>	individual who is not affiliated with the institution in any way other than as a member of the IACUC and is not a member of the immediate family of a person who is affiliated with the institution. This member is expected to represent general community interests in the proper care and use of animals and should not be a laboratory animal user or former user. A consulting veterinarian may not be considered nonaffiliated.

Statement of Burden

Public reporting burden for this collection of information is estimated to average 90 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0765). Do not return the completed form to this address.

Changes to Program on Animal Care and Use

Institution: Sutter Bay Hospitals, dba California Pacific Medical Center Research Institute (CPMCRI) Brannan Campus

Assurance Number: D16-00015

Reporting Period: January 1, 2020- September 30, 2020

On September 30, 2020, the CPMCRI IACUC approved the following change to the program of animal care to implement the updated changes to the American Veterinary Medical Association Guidelines for the Euthanasia of Animals: 2020 Edition. The previous recommended displacement rate for the euthanasia of rodents (per the 2013 AVMA Guidelines) was 10-30% of the chamber/cage volume per minute. CPMC Research Institute has updated the CPMCRI guideline titled "Carbon Dioxide Euthanasia in Adult and Neonatal Mice and Rats" to reflect the new recommended displacement rate of CO₂ to 30-70% of the chamber/cage per minute.
