**Subject:** Registration

Hello,

Our registration was due this year but was delayed because of Covid. While I was working remotely I reviewed the documentation package and it references Moog Medical Devices with a different customer number/Cert number than what we are assigned to—i.e. Moog Medical Devices Rochester Inc, Cert 21-R-0232, Customer No 331619.

We are currently registered under: iuvo Bioscience, Cert 21-R-0245 Customer No: 501995. I have attached our notification letter from 2015.

How do we go about discontinuing the Moog registration information? I plan to submit the application for registration for iuvo tomorrow. Please advise if it is acceptable to do so or if I should be managing this differently.

Thank you.
