**Subject:** Request for additional NHP procedure

Dr. Pannill,

Thank you for taking the time to meet with us about our request for an additional surgical procedure. We believe that this request will facilitate the responsible use of these important research animals. As requested, I am sending an electronic version of the letter in the hopes that it will facilitate the review process. Thanks to you and Dr. Edmonds-wiggins for your assistance with this request. We will place the original version in the mail to the Dr. Betty Goldentyer.

Regards,
