Good morning,

I wanted to be sure that the previously sent form was received properly. I was under the impression that I would receive a notification saying that it was received via email. You all have likely been inundated with forms and with the holiday may only be getting back into the office this week.

Please let me know if the application was not received and if it needs to be resent.

Sincerely,

Good afternoon,

I wanted to check on the status of our registration update. I received a packet today with a letter stating that the registration update is due. The letter is dated from September, but as we have not yet received our certificate I thought it best to check on our status.

Please let me know if there is anything additional that is needed.

The facility is Oklahoma State University-Oklahoma City. Our certificate number is 73-R-0112 and our customer number is 10214.

Thank you for your assistance.

Sincerely,
