ASSURANCE STATEMENTS

- 1.) Professionally acceptable standards governing the care, treatment, and use of animals, including appropriate use of anesthetic, analgesic, and tranquilizing drugs, prior to, during, and following actual research, teaching, testing, surgery, or experimentation were followed by this research facility.
- 2.) Each principal investigator has considered alternatives to painful procedures.
- 3.) This facility is adhering to the standards and regulations under the Act, and it has required that exceptions to the standards and regulations be specified and explained by the principal investigator and approved by the Institutional Animal Care and Use Committee (IACUC). A summary of all such exceptions is attached to this annual report. In addition to identifying the IACUC approved exceptions, this summary includes a brief explanation of the exceptions, as well as the species and number of animals affected.
- 4.) The attending veterinarian for this research facility has appropriate authority to ensure the provisions of adequate veterinary care and to oversee the adequacy of other aspects of animal care and use.

Dear Dr. Gibbens,

Attached is the Annual Report of Research Facility (APHIS Form 7023) for California State University, Sacramento, signed by the university official. (b) (6), (b) (7)(C) Due to COVID and work-from-home orders from our campus system, I am limited to AdobeSign for obtaining signatures and my personal printer, which is quite cheap as you can see. (b) (6), (b) (7)(C) signature is very faint on the printed version, so I included an excel sheet of her documented signature from AdobeSign. If you prefer to receive the PDF version, please email me so that I may forward it to you.

Sincerely,

(b) (6), (b) (7)(C)
