\* Names of members, other than the chairperson and veterinarian, may be represented by a number or symbol in this submission to OLAW. Sufficient information to determine that all appointees are appropriately qualified must be provided and the identity of each member must be readily ascertainable by the institution and available to authorized OLAW or other PHS representatives upon request.

**\*\* - PHS Policy Membership Requirements:**

- Veterinarian* - a veterinarian with direct or delegated program responsibility
- Scientist* - a practicing scientist experienced in research involving animals
- Nonscientist* - a member whose primary concerns are in a nonscientific area (e.g. ethicist, lawyer, member of the clergy)
- Nonaffiliated member* - a member who is not affiliated with the institution in any way other than as a member of the IACUC, and who is not a member of the immediate family of a person who is affiliated. This member is expected to represent general community interests in the proper care and use of animals and should not be a laboratory animal user. A consulting attending veterinarian may not be considered nonaffiliated.
