3.1(c)(3)

Housing facilities, general.

Several enclosures housing multiple felines (123202, 123505, 123605, 123602, 123405) are not being spot cleaned daily and there is an accumulation of litter and feces on the hard surfaces of the enclosure. The litter boxes in these enclosures appear to be checked daily but according to an attendant, surfaces are wiped down every other day. Per this regulation along with 3.11 (a), surfaces and enclosures must be spot cleaned daily to prevent this accumulation of waste to reduce animals walking on soiled surfaces.
