* This information is mandatory.

** Names of members, other than the Chairperson and veterinarian, may be represented by a number or symbol in this submission to OLAW. Sufficient information to determine that all appointees are appropriately qualified must be provided and the identity of each member must be readily ascertainable by the institution and available to authorized OLAW or other PHS representatives upon request.

*** List specific position titles for all members, including nonaffiliated (e.g., banker, teacher, volunteer fireman; not "community member" or "retired").

**** [PHS Policy](#) Membership Requirements:

Veterinarian	A veterinarian with training or experience in laboratory animal science and medicine or in the use of the species at the institution, who has direct or delegated program authority and responsibility for activities involving animals at the institution.
Scientist	A practicing scientist experienced in research involving animals.
Nonscientist	A member whose primary concerns are in a nonscientific area in evaluating the qualifications of an individual to serve as a nonscientific member, the CEO should consider appointing those with a naive attitude with regard to science and scientific activities. A person without scientific training meets the Policy's intent, such as an ethicist, lawyer, or member of the clergy, as the Policy gives as examples. Some other examples include librarians, those working in business or finance, or instructors in English, history, or other liberal arts disciplines. When the rationale for categorizing an individual as a nonscientist is not apparent based on their occupation or training, the institution should maintain written documentation of the reason for the categorization.
Nonaffiliated	The nonaffiliated member must represent the general community interests in the proper care and use of animals. The nonaffiliated member must not be (1) a laboratory animal user or former user, (2) affiliated with the institution, or (3) an immediate family member of an individual affiliated with the institution. Immediate family includes parent, spouse, child, and sibling. In evaluating the qualifications of an individual to serve as a nonaffiliated member, the CEO should confirm the appointee has no discernible ties or ongoing affiliation with the institution. Regarding service of former employees or students as nonaffiliated members, the appointing official must be assured that the person is not in any way obligated to the institution. Real or perceived conflicts of interest must be avoided to ensure the IACUC's and the institution's integrity. Appointment of an individual who is unambiguously unaffiliated is the most effective way to fulfill the intent of the Policy.

All members must be appointed by the CEO (or individual with specific written delegation to appoint members) and must be voting members. Non-voting members and alternate members must be so identified.

X. Facility and Species Inventory

Date: MAY 2020			
Name of Institution: Southern Research			
Assurance Number: D16-00025			
Laboratory, Unit, or Building*	Gross Square Feet [include service areas]	Species Housed [use common names, e.g., mouse, rat, rhesus, baboon, zebra fish, African clawed frog]	Approximate Average Daily Inventory
(b) (4)	34,100	Mouse	150
		Rat	50
		Guinea pig	Less than 1
		Hamster	Less than 1
		Ferret	5** (Monthly census)
		Rabbit	15** (Monthly census)
		Dog	5** (Monthly census)
		Cynomolgus macaque	5** (Monthly census)
	17,933		This facility is currently unoccupied.
		Mice	500
	Dan - 4,105 Fru - 393	Mouse Ferret Guinea pig Rabbit Cynomolgus macaque	Less than 1 Less than 1 Less than 1 1** (Monthly census) 1** (Monthly census)
	12,620	Rhesus macaque Cynomolgus macaque Rabbit Ferret Guinea pig Rat Mouse	80 22 Less than 1 Less than 1 Less than 1 Less than 1 140
	7,635		
	27,745		
		NA	NA
	560	NA	NA

*Institutions may identify animal areas (buildings/rooms) by a number or symbol in this submission to OLAW. However, the name and location must be provided to OLAW upon request.

** Unless otherwise indicated, mice and rats, means mice of the genus *Mus* and rats of the genus *Rattus* that are purposely bred for research.

***Average was computed by adding up the end of month census for the past 12 months and dividing by 12.
