* Names of members, other than the chairperson and veterinarian, may be represented by a number or symbol in this report to OLAW. Sufficient information to determine that all appointees are appropriately qualified must be provided and the identity of each member must be readily ascertainable by the institution and available to authorized OLAW or other PHS representatives upon request.

** List specific position titles for all members, including nonaffiliated (e.g., banker, teacher, volunteer fireman; not "community member" or "retired").

*** PHS Policy Membership Requirements:

<i>Veterinarian</i>	veterinarian with training or experience in laboratory animal science and medicine or in the use of the species at the institution, who has direct or delegated program authority and responsibility for activities involving animals at the institution.
<i>Scientist</i>	practicing scientist experienced in research involving animals.
<i>Nonscientist</i>	member whose primary concerns are in a nonscientific area (e.g., ethicist, lawyer, member of the clergy).
<i>Nonaffiliated</i>	individual who is not affiliated with the institution in any way other than as a member of the IACUC and is not a member of the immediate family of a person who is affiliated with the institution. This member is expected to represent general community interests in the proper care and use of animals and should not be a laboratory animal user or former user. A consulting veterinarian may not be considered nonaffiliated.

Changes to the animal care and use program that occurred in FY21:

Battelle requested the addition of AmplifyBio, LLC as a covered component under Battelle's Animal Welfare Assurance on 4/21/21. OLAW approved the amendment adding AmplifyBio as a covered component to Battelle's Assurance on 4/23/21.

On 5/1/21, Battelle launched this new company to focus on the research and development of cell and gene therapies. AmplifyBio purchased the JM10 building and additional property next to the

building for future growth. Battelle's core life sciences research business was the starting point for this standalone, for-profit company.

Battelle anticipates that it will request OLAW remove AmplifyBio as a covered component when AmplifyBio has an approved OLAW Animal Welfare Assurance for Domestic Institutions ("Domestic Assurance") and has its own AAALAC accreditation. AmplifyBio has secured its own USDA registration.

Statement of Burden

Public reporting burden for this collection of information is estimated to average 90 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.
