Meeting was brought to order at 1:01 PM and quorum confirmed with 9 of 16 members present.

Introductions:

- S-8
 - o Introduced and welcomed

Standing Items:

- Approve minutes [September, Ad-Hoc]
 - o The September minutes were approved as written
 - o The September Ad-Hoc minutes were approved as written

Old Business

- 20-617*
 - o The committee discussed the implemented updates. Of note:
 - Bats are fed with live mealworms and a mealworm slurry for 48 hours. If animals are not doing well, i.e. not eating on their own, animals are re-released at dusk and in same capture location.
 - Based on VET monitoring, animals are evaluated on the 2nd day after capture, and are found to be doing well.
 - Most recent capture consisted of 20 animals captured and 10 of them released due to not eating desired amount.

Member Training:

- Inspections – Q&A
 - o Members were thanked for performing inspections
 - o Tips were proved to members. Of note:
 - Fall inspections are mostly held in-person.
 - Inspectors were advised to coordinate a day and time that works best for them. Once details have been established, the inspectors should contact the PI and PI contacts and let them know that the inspection will be performed at the predetermined date and time.
 - Contact list provided outlines the PI's and Contacts contact information. If there are no primary contacts listed for the PI, the PI will be the main contact.
 - Already completed inspections showed that labs are generally in good condition.

From the floor

- The Next IACUC Committee meeting will be the Semi-Annual Meeting, to be held on November 4th 2021.

Meeting was adjourned at 1:15 PM and quorum maintained for the duration.

*Indicates USDA species.
