Type: ROUTINE INSPECTION

Date: Aug-05-2015

2.33 (b) (2) REPEAT

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE.

**Expired medications were found in the pharmacy during the inspection. The facility has created and implemented a new system using colored dots for monitoring for expiration dates on medications but a vial of an analgesic medication was found in the front of the cabinet labeled with the proper color and month for expiration of 6-15 but this had not been removed from the current stock of medications or labeled in any way to prevent its use.

The following expired medications were noted:

-Lidocaine hydrochloride injectable expired 6-15

**Expired medications/vaccinations should not be used in the treatment of the regulated animals. Expired medications should be either clearly labeled as expired or disposed of in a proper manner.

It is the responsibility of the IACUC to ensure that the methods utilized in the prevention and treatment of diseases and/or injuries are in accordance with established standard veterinary practices and the regulatory requirements of the Animal Welfare Act.
