

ARIZONA STATE UNIVERSITY
IACUC FINAL REVIEW

I. **Terminating protocol**

Protocol Number: 20-1771R
Protocol Title: Aquaculture Research
Principal Investigator: [REDACTED]
Termination Date: 2/2/2022

II. **Check one**

- ☐ The research or teaching was never undertaken.
☒ The research, teaching, or display was conducted.

Describe any significant animal welfare issues, e.g., health problems or accidental deaths, encountered since the last annual review.

A veterinary consultation occurred in 2021 regarding a wound that appeared on the side of a yellow tang. This fish died several weeks later.

If you DID NOT purchase your animals through the Department of Animal Care Technology (DACT), did your animal use exceed the predicted numbers approved in this protocol? Yes ☐ No ☒

- III. Did the pain status stated on the protocol remain appropriate for the procedures performed? Yes ☒ No ☐

If "No," please provide a brief explanation: _____

- IV. Provide a statement on progress of your research under this protocol:
This research was terminated before results were generated. The PI was re-assigned to administrative position within ASU that made the research no longer feasible.

V. **Certification**

By signing this report, I certify that, to the best of my knowledge, the information included herein is accurate and complete.
