---

Good Morning,

(b) (6), (b) (7)(C) has sent an email requesting that the registrations for Rutgers (22-R-0157 and 22-R-0025) be combined under on registration. He has requested that 22-R-0157 be closed and merged as a site under 22-R-0025. Below is additional information in an email (b) (6), (b) (7)(C) wrote.

Is there something the facility needs to do to get this change to occur? Please let me know so that I can better help the facility.

Thank you,

Jessica Gowins, DVM, MS

Dear USDA Animal Care,

Rutgers, the State University of New Jersey, currently has two USDA researcher registrations: 22-R-0157 (RBHS New Jersey Medical School, located in Newark, NJ) and 22-R-0025 (Rutgers State University of NJ, located in New Brunswick/Piscataway, NJ). We would like to combine the two units into a single USDA researcher registration. Specifically, we would like to migrate the species/locations outlined in 22-R-0157 into 22-R-0025, then close out registration 22-R-0157 permanently. Please note that we are not introducing any new USDA locations as part of this proposed merger. Ideally we would like this to occur on October first of this year so that we would submit two separate USDA annual reports for 22-R-0157 and 22-R-0025 for FY21, but then only submit a single annual report for the new, combined unit 22-R-0025 for FY22 onward. Is this possible? If so, how do we start the process? Thank you for your consideration.

(b) (6), (b) (7)(C)

Rutgers, The State University of New Jersey  
675 Hoes Lane West, Room [REDACTED]  
Piscataway, NJ 08854
