I can do that timeframe. Axel handled that case, and corresponded with (b) (6) I'll get the particulars from him tomorrow morning.

Hi. If possible, I'd like to discuss the situation that occurred at the University of Puerto Rico in February with you or someone on your staff to get OLAW's thoughts. Apparently, a union incident prevented most employees from gaining access to the animal facility resulting in the deaths, injuries, and/or illness of some NHPs. We're currently discussing what the appropriate approach should be. Thanks.....Bob
