Hello,

If our institution needs to update the address on this registration, how would we submit that change? I ask since the renewal at 3 years was when we submitted changes in the past.

Thanks,

Hi [REDACTED],

Thank you for contacting USDA Animal Care. University of Notre Dame is registered with USDA Animal Care as a class R- Research facility. In recent changes designed to alleviate the administrative burden on our registrants, research registrations are not required to submit application for registration update every three years going forward- the certificate no longer expires. Please find the updated registration certificate, with removed

expiration date, attached to this email. Thank you.
