NOTIFICATION OF CHANGE

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0579-0036. The time required to complete the information collection is estimated to average .25 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

This information is required by the Animal Welfare Act (7 U.S.C. 2131-2158) and 9 CFR 2.1(b)(1), 2.27, and 2.30.

This form is optional for licensees/ registrants. Locally developed formats may be used if desired.

(a) A licensee shall notify Animal Care no fewer than 90 days and obtain a new license before any change in the name, address, substantial control or ownership of the business or operation, locations, activities, and number or type of animals. Licenses are authorize increments of 50 animals on hand at any single point in time during the period of licensure. A licensee must obtain a new license before using any animal beyond those types or numbers of animals authorized under the existing license.

(b) A registrant which has not used, handled, or transported animals for a period of at least 2 years may be placed in an inactive status by making a written request to the USDA Animal Care Office.

(c) A registrant shall notify the USDA Animal Care Office by certified mail of any change in the name, address, or ownership, or other change in operations affecting its status as a research facility, exhibitor, carrier, or intermediate handler, within 10 days after making such change.
