Hello,

The Access to Advanced Health Institute (AAHI) is requesting that our Certificate be cancelled as we are not an active USDA facility. Our organization used to be known as IDRI, and it looks like we sent in a letter requesting this same cancellation on December 17, 2020. Our registration number is 91-R-0061.

Please let me know once the cancellation is processed.

Thank you.

Best,

Hello,

I'm following up on a call I made to the USDA on 9/6 regarding an email our organization received to submit an annual report for all USDA APHIS research facilities that are in active status for Fiscal Year 2022. This threw us off as we are not an active USDA APHIS research facility, and we don't want to be listed as such, given that we have not had vivarium or animals on site since 2020. What kind of paperwork do you need to take us off the list?

When I contacted the general USDA email, they notified me that I needed to contact the AC Western Regional Office to request that AAHI be removed from the active list. Please let me know next steps.

Thank you.
