Institutional Animal Care and Use Committee (IACUC).

The IACUC reviewed the facility's program for humane care and inspected the animal facilities on January 5, 2022, however, they did not prepare a report of the evaluations to be submitted to the Institutional Official.

Every six months, upon completion of the program review and facility inspection, the IACUC must provide reports of its evaluations to the Institutional Official to ensure that the IO is aware of the current status of the animal program, facilities, and procedures.

The IACUC must prepare reports of their evaluations and submit the reports to the Institutional Official.

Correct by February 23, 2022.

This inspection and exit interview were conducted with a facility representative.
