Hi [REDACTED]
Can you please transfer the IL-13 KO mouse colony to [REDACTED]. can you also euthanize the IL-13Ra2 KO colony?

Thanks,

[REDACTED]

Def not the 13ra2s.

Yes we'll take the il13s.

Thank you!

Hi [REDACTED],

We are getting close to the end of the month and I need to make the decision about the IL-13^{-/-} and IL-13Ra2^{-/-} mice. Do you think you will have a use for them? If not, I will ask [REDACTED] to euthanize these two strains.

Please let me know.

Cheers,

[REDACTED]

Subject: neurological lamb
Date: Thursday, March 26, 2020 10:27:06 AM

I euthanized the neurological lamb at 1:00am. It had more difficulty standing on its own because it couldn't get balanced on its hind legs as well as the front legs, and it's appetite was decreased. She had always had a good appetite and it was obvious she was regressing.
