Date: April 6, 2017

Subject: IACUC April 2017 Inspections and Review

The committee met for our semi-annual review and inspection on April 6, 2017. All members were in attendance.

The Committee toured the remodeled facilities. The majority of work is complete. An update on personnel was presented.

The following areas were discussed:

1. Committee Functions, policies & responsibilities:
 - a. The committee make-up meets requirements.
 - b. Inspections were performed and copies are attached.
The remodel has provided an improved floor after the work was done to remedy issues.
 - c. Protocols with animal care and use are up to date.
2. Facilities: The Committee viewed the laboratory spaces (T101, 102, 103) as well as the animal housing areas.
3. Veterinary Care: The care protocols along with full-time positions of Drs. Wedam and Denome meet all requirements. Dr. Denome is the Attending Veterinarian.
5. Personnel Qualifications and training: In compliance.
6. Husbandry: In compliance.

Subject: IACUC 4-24-18 Inspections and Review

The committee met for our semi-annual review and inspection on October 19, 2017. All members, with the exception of Dr. Fuller, attended.

The following areas were discussed:

1. Committee Functions, policies & responsibilities:
 - a. The committee make-up meets requirements.
 - b. Inspections were performed and copies are attached.
The remodel improved the flooring, however it is already showing wear, especially in the animal housing areas. This is under warranty and Jeff Wood of YVC Operations notified the architect and contractor. It is scheduled for repair this summer.
2. Facilities: The Committee viewed the laboratory spaces (T101, 102, 103) as well as the animal housing areas.
3. Veterinary Care: The care protocols along with full-time positions of Drs. Wedam and Denome meet all requirements. Dr. Denome is the Attending Veterinarian. There were 8 cats that were involved in procedures prior to the five days waiting period. Washington does not have a wait period for cats.
5. Personnel Qualifications and training: In compliance.
6. Husbandry: In compliance.

 - a. The committee make-up meets requirements.
 - b. Inspections were performed and copies are attached.
The remodel improved the flooring, however it is already showing wear, especially in the animal housing areas. This is under warranty and Jeff Wood of YVC Operations notified the architect and contractor. It is scheduled for repair this summer.
2. Facilities: The Committee viewed the laboratory spaces (T101, 102, 103) as well as the animal housing areas.
3. Veterinary Care: The care protocols along with full-time positions of Drs. Wedam and Denome meet all requirements. Dr. Denome is the Attending Veterinarian. There were 8 cats that were involved in procedures prior to the five days waiting period. Washington does not have a wait period for cats.
5. Personnel Qualifications and training: In compliance.
6. Husbandry: In compliance.

Subject: IACUC 10-30-18 Inspections and Review

The committee met for our semi-annual review and inspection on October 30, 2018. All members attended.

The following areas were discussed:

1. Committee Functions, policies & responsibilities:
 - a. The committee make-up meets requirements.
 - b. Inspections were performed and copies are attached.
The remodel improved the flooring, however it is already showing wear. The floor was redone this summer in the animal areas, with the exception of isolation, plus T102. Dr. Denome has notified Facilities Operations.
2. Facilities: The Committee viewed the laboratory spaces (T101, 102, 103) as well as the animal housing areas.
3. Veterinary Care: The care protocols along with full-time positions of Drs. Wedam and Denome meet all requirements. Dr. Denome is the Attending Veterinarian. There were 2 animals that were sedated or anesthetized prior to the five day waiting period. One cat was sedated in the spring, and one dog this fall. No surgeries were performed on them. Washington does not have a wait period for cats.
5. Personnel Qualifications and training: In compliance. An updated "Additional Personnel" listing was presented to those in attendance.
6. Husbandry: In compliance.

Date: April 24, 2019

Subject: IACUC 4-24-19 Inspections and Review

The committee met for our semi-annual review and inspection on April 24 2019. All members attended.

The following areas were discussed:

1. Committee Functions, policies & responsibilities:
 - a. The committee make-up meets requirements.
 - b. Inspections were performed and copies are attached.
The remodel improved the flooring, however it is already failing in some areas. The floor was redone this summer in the animal areas, with the exception of isolation, plus T102. Facilities Operations is well aware of the problems.
2. Facilities: The Committee viewed the laboratory spaces (T101, 102, 103) as well as the animal housing areas.
3. Veterinary Care: The care protocols along with full-time positions of Drs. Wedam and Denome meet all requirements. Dr. Denome is the Attending Veterinarian. Since our last meeting there were 11 cats sedated or anesthetized prior to the five day waiting period. Spays were performed on three. Two were owner surrender so the USDA wait period may not apply. Washington does not have a wait period for cats.
4. Personnel Qualifications and training: In compliance. An updated "Additional Personnel" listing was presented to those in attendance.
5. Husbandry: In compliance.

MEMORANDUM

To: Dr. Linda Kaminski

From: Institutional Animal Care and Use Committee
Dr. Sue Wedam, Chair
Dr. Kelley Denome, Attending Veterinarian
Dr. Mike Fuller
Terry Neal

Date: October 24, 2019

Subject: IACUC 10-24-19 Inspections and Review

The committee met for our semi-annual review and inspection on October 24, 2019. All members were in attendance.

The following areas were discussed:

1. As discussed in previous memos, Dr. Diane Forbes our USDA Veterinary Medical Officer provided an inspection on May 8, 2019, which resulted in a on-compliance report due to the floor's condition and pitting. This was reported to Dr. Kaminski and the AVMA as required. Her correction date was September 2019.

The flooring issues were addressed by the College and Dur-a-Flex, the flooring manufacturer, by hiring Paint Smith, a local firm, to repair the floor. In late summer, the floor in the dog ward was replaced, and patches were placed at the door thresholds off room 102 as well as several areas in 102 and 101. Unfortunately, the floor in 101 and 102 has continued to fail and Paint Smith is to return for spot repairs over Thanksgiving or Christmas break.

2. Committee Functions, policies & responsibilities:
- a. The committee make-up meets requirements.
 - b. Committee members reviewed and approved protocol, personnel, and the drug dosages chart updates in August 2019.
 - c. Inspections were performed and copies are attached.
The summer repairs improved the flooring, however it is already showing wear in 101 and 102.

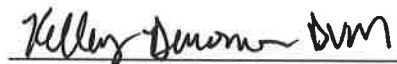

3. Facilities: The Committee viewed the laboratory spaces (T101, 102, 103) as well as the animal housing areas.

4. Veterinary Care: The care protocols along with full-time positions of Drs. Wedam and Denome meet all requirements. Dr. Denome is the Attending Veterinarian.

5. Personnel Qualifications and training: In compliance.

6. Husbandry: In compliance.

Susan Wedam D.V.M. Chair

Kelley Denome D.V.M. Attending Veterinarian
