USDA Annual Report 2017
Registration #21-R-0109
November 27, 2017

Exceptions/Exemptions Reported on this Annual Report

Exemption to Subpart C -Research Facilities - IACUC Section 2.31 (x) Major Operative Procedure:

USDA approval granted for 3 macaques exempt from regulation which permits only one major operative procedure in order to place an implant and/or perform surgical implant maintenance. No animals were affected by this exemption.

Exception to Subpart C -Specifications for the Humane Handling, Care, Treatment and Transportation of Rabbits Section 3.56(b) Sanitization of Primary Enclosures:

Four breeder rabbits and their litters (13 kits) all experienced cage change intervals >30d (max 6 weeks) to minimize disturbance to animals caused by handling during cage changes which could potentially adversely affect kit survival.
