IACUC Approved Exceptions to USDA Regulations or Standards

The IACUC has approved an exception for nonhuman primates enrolled in studies that require restricted fluid intake for performance of behavioral tasks. Fourteen nonhuman primates were involved.

The IACUC has approved an exception for nonhuman primates used in a study that require a daily ration reduction compatible with nonhuman primates maintaining a weight at approximately 95% of their free-feeding levels. While approved by the IACUC no nonhuman primates were food restricted in 2014.

The IACUC has approved an exception for social housing of selected nonhuman primates for scientific reasons. Six nonhuman primates were involved.
