2.31(c)(2)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

The institution had completed their last documented inspection of the animal facilities on April 7th, 2017. The institution must conduct an inspection of the facilities at least once every 6 months. If the animals areas are in disrepair this can impact animal health and welfare.

2.31(c)(3)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

IACUC completed facility inspections on April 7th 2017. No completed semi-annual evaluation reports were sent to the Institutional Official. It is important to involve the Institutional Official in the IACUC's evaluations of the research facility and to inform them of the status of the facility's programs to allow the Institutional Official to follow up on correction of significant deficiencies. This ensures that appropriate authority can be exercised by the Institutional Official when needed to support the facility's continued humane care and use of animals. The IACUC must prepare reports based on the facility program review and inspection, update them every six months, submit them to the Institutional Official in a timely fashion, and have them available for inspection by APHIS officials.

Correct by January 23rd, 2017

This inspection and exit interview were conducted with the IACUC Chair.
